Assisting India and Asia's Smart City Aspirations

Map displays India's 100 short listed Smart Cities

Step 1: Gamified AuraOZ Process

BODY SCAN

Input your Body Size with a body scan video, carefully taken photographs or fill out a body measurement form with your ideal body measurements.

VALUES & INTERESTS

Input and rank your personal preferences for core emotions, human values, colours, interests, skills, travel destinations and activity frequencies.

DATA VISUALISATIONS

Choose or create your favourite dynamic data visualisations to make it much easier for you to intuitively navigate and control mixed realities.

SET YOUR GOALS

You will soon have great power over your own conscious universe of infinite potential so please carefully set the joyful goals you've always wanted.

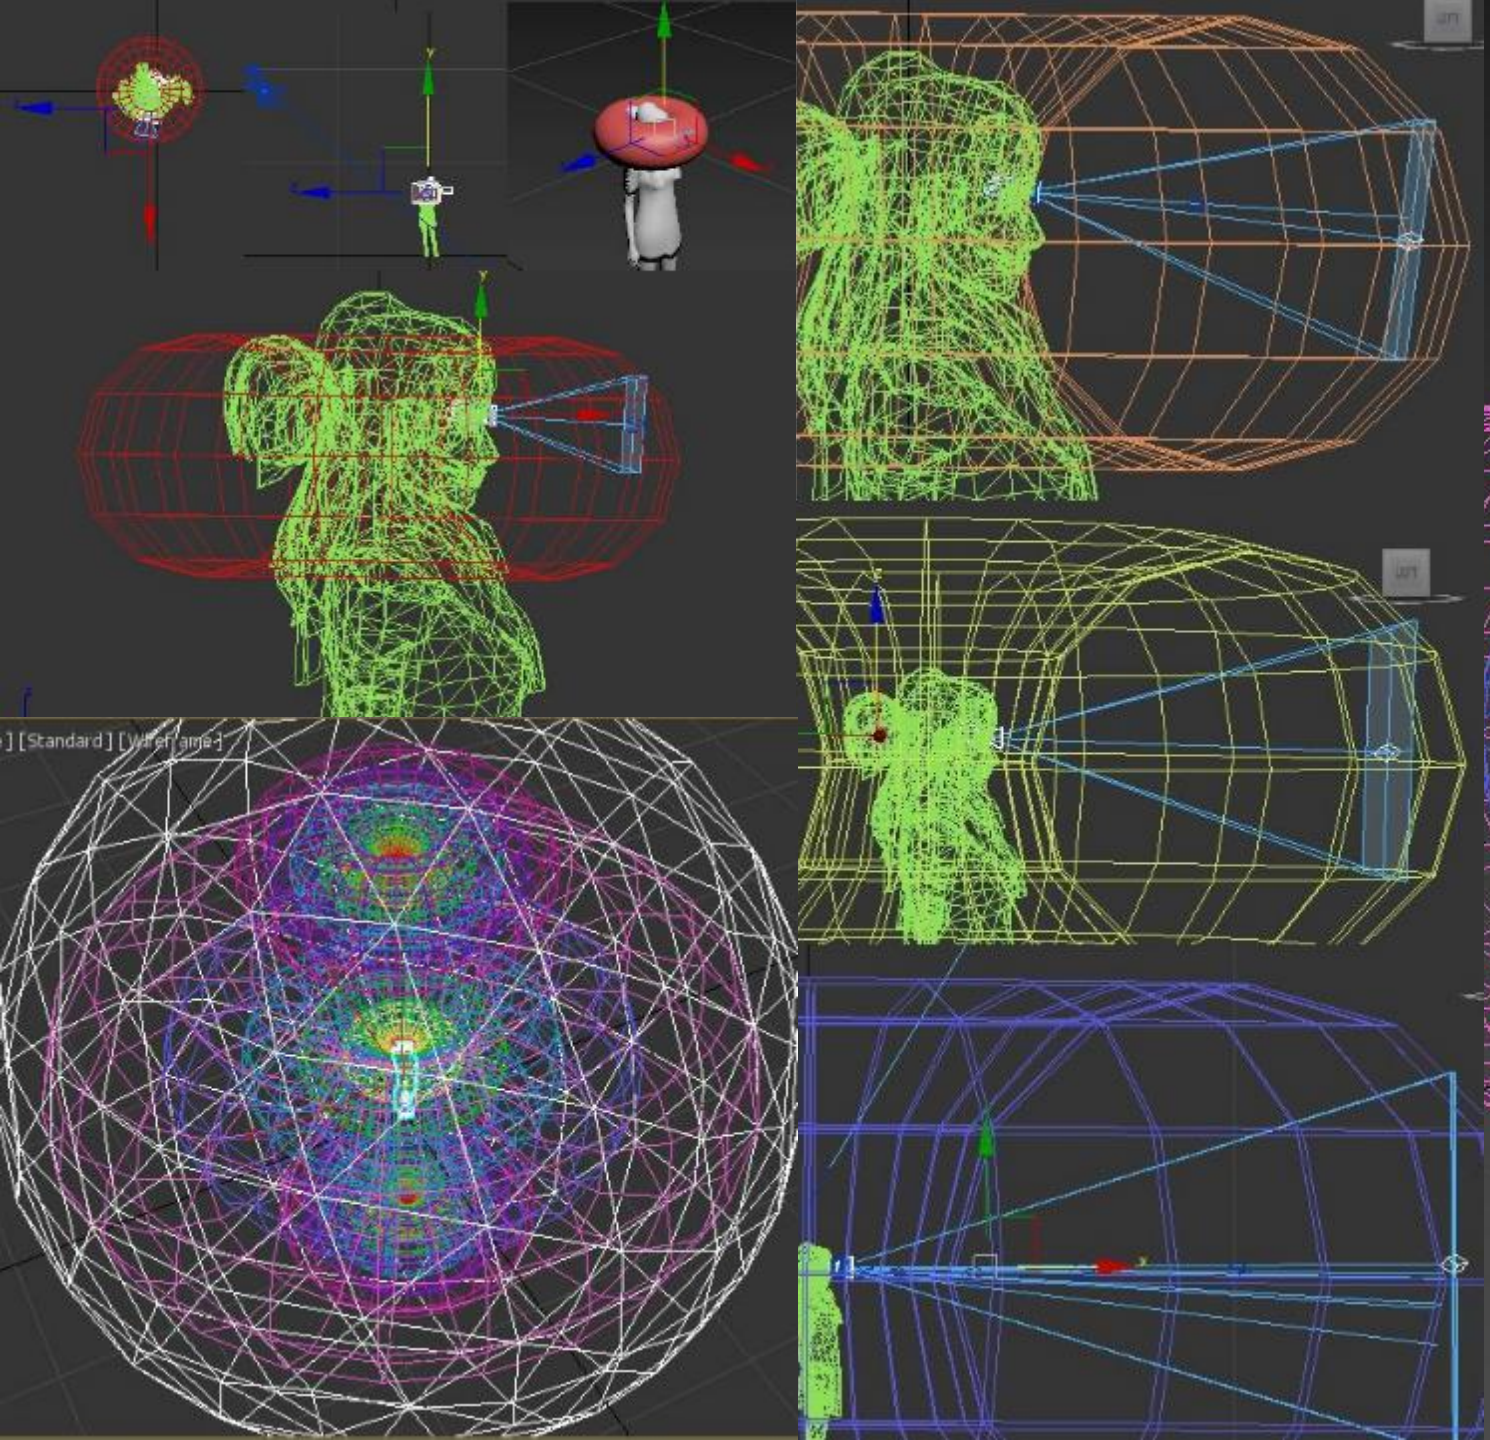

MIND PALACE

Your AuraOZ is an intelligent light field but you can store much more information and many items in your Personal Mind Palace. Decorate it to your liking.

MAPS OF KNOWN WORLDS

As you explore the infinite multi-verse you will acquire maps of many worlds. Search for, store and contribute to shared maps in a public hall of knowledge.

Body Scan to Build an Avatar for Simulations

The Internet is inevitably going 3D and higher dimensions. Aura's will be essential.

Some opportunities for combining Machine Learning with an Avatar of self are:

- Use the Avatar to develop retail shopping preferences
- Visualize personal heath data to optimize wellbeing
- Give a functional VR body to people with disabilities
- Embed preferences in Aura's and Avatars to run simulations
- Share simulation data with Smart City Open Governance to improve services

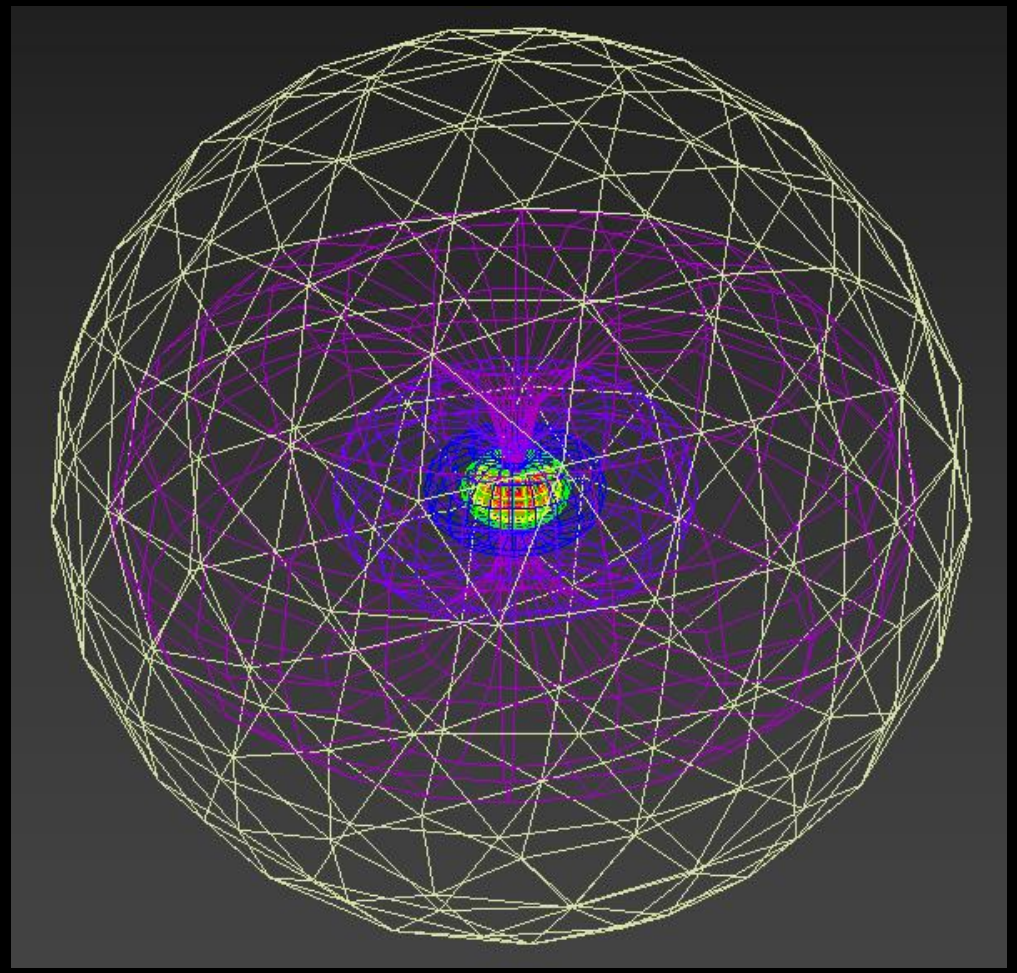

Learn to arrange your personal and public data sets into an AuraOZ for Machine Learning Optimization

Adjust the Data Visualizations in your Aura on the run or as you please

Geosphere for Maps, Sky and Virtual Reality Skins

Inside Geosphere:

- Skymap of constellations
- Virtual Reality photo and video skins

Outside Geosphere:

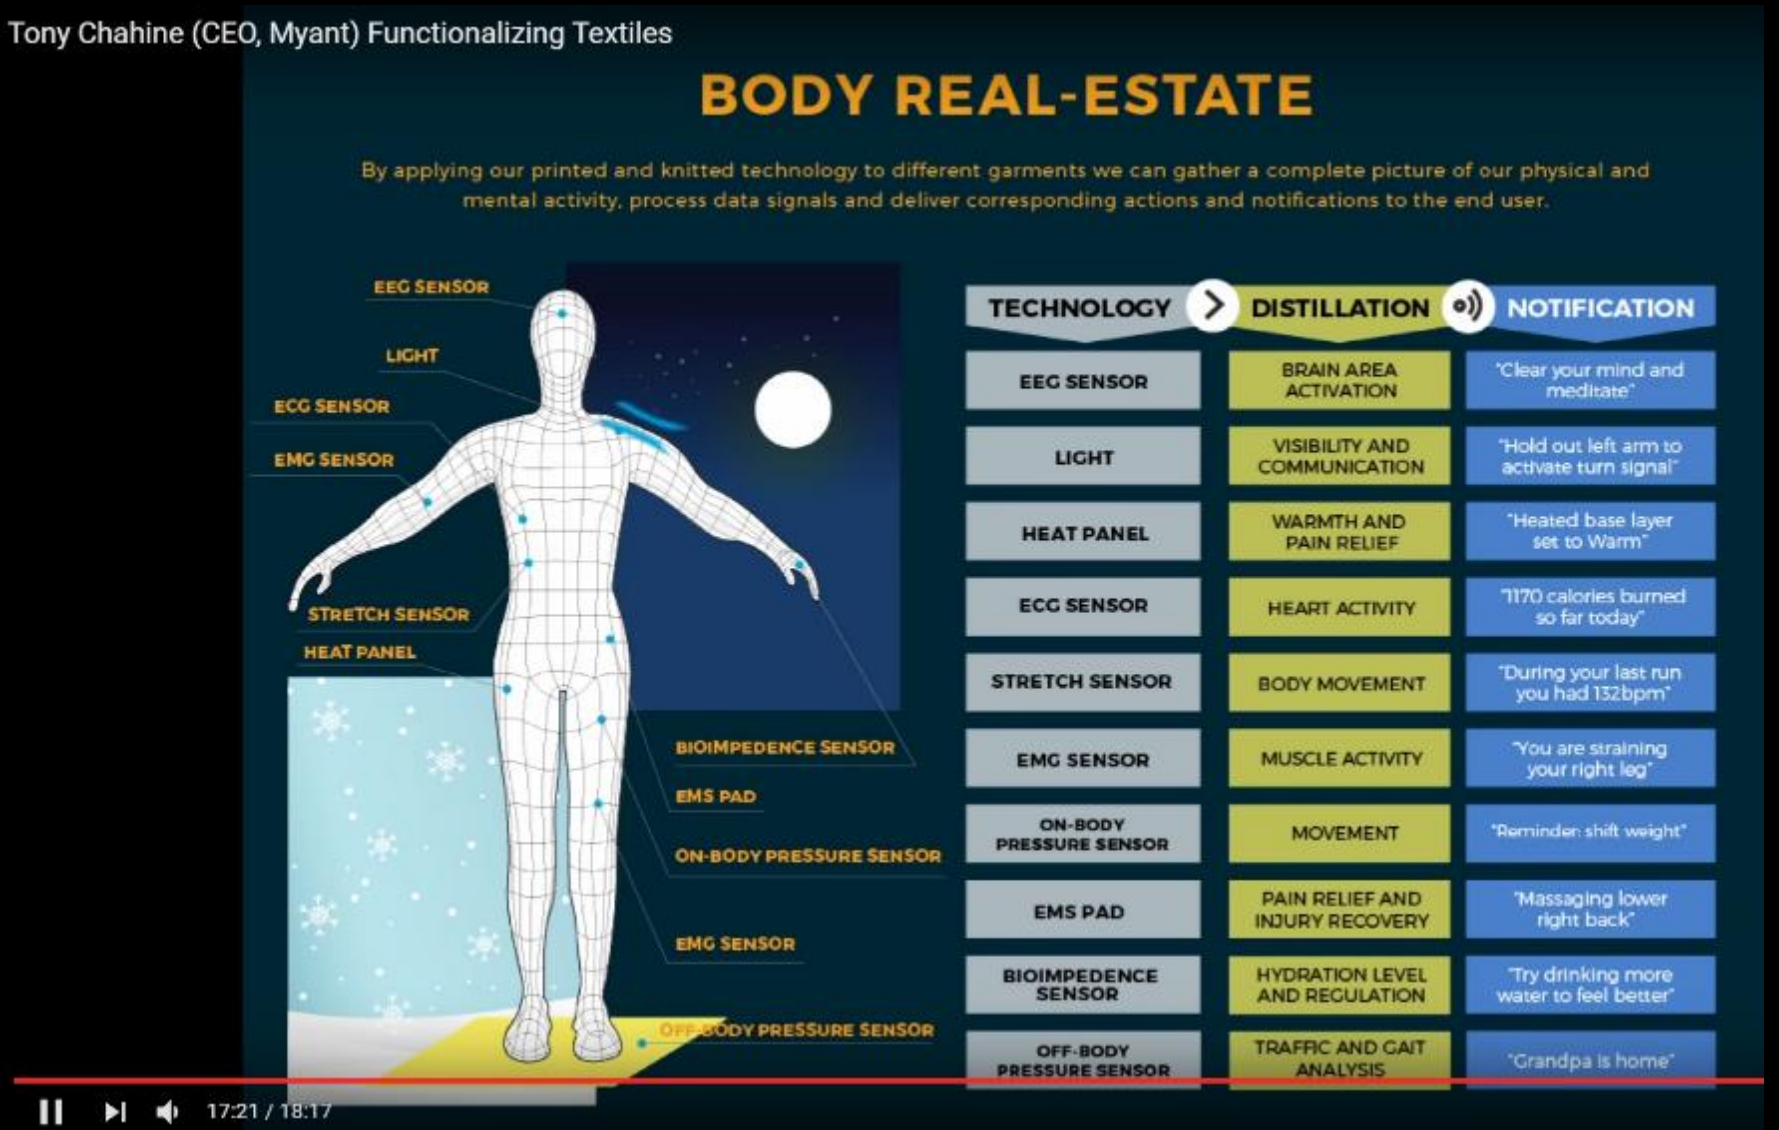

- Earth maps
- Moon maps
- Sun and Star maps
- Other planets and orbs

Step 2: Demos at Music, Fashion, Culture Festivals

Within our values of Joyous, Virtuous, Compassionate Responsible Abundance, build a social web of interconnected Aura's by doing product demonstrations at festivals to build the brand while using BlockChain principles and protocols.

- Festivals attract energetic, creative and joyful people
- Festivals are themed which allows better targeting of resources
- Festivals attract a similar ratio of men and women from many professions
- Festival demonstrations are a way to reward staff while also doing business
- Festivals offer the opportunity to recruit brand ambassadors organically

Step 3: Custom 3D Printable Smart Wearables

Potential to Build a Global ‘Aura Alliance’

- Businesses in the world with “Aura” in their trading name
